Professor Dr. Antonio Borghese - General Secretary IBF,

Dear Professor Borghese and members of the Governing Body and Standing Committee of IBF,

Through this letter, the Consejo Venezolano de la Carne CONVECAR gives full support to CRIABUFALOS's request in organizing the 13th World Buffalo Congress in 2023 in Venezuela. Convecar is an association that brings together important producers of cattle and buffalo throughout the country, which commits us to working in this request, hand in hand with the aforementioned organization, in the agenda of the event.

You will not be disappointed with our proposal to sponsor this Congress alongside CRIABUFALOS, where we will promote within the Buffalo's sector knowledge, ideas, advances, and new technologies about water buffalo management, development, production, and industry. We give our highest recommendation to the following WBC2023 organization in Venezuela.

Please do not hesitate to contact me about this proposal anytime.

Sincerely yours,

Luis Eduardo Pérez Stüve
President
